Simon Chiou, Commonwealth Bank of Australia

Simon is a Senior Manager within Commonwealth Bank of Australia’s Group Credit Structuring department, which covers large and complex turnarounds and restructurings of the Bank’s institutional clients, both domestically and internationally. In this role, Simon has been involved in a number of Australian and offshore restructurings (including across the UK, US and Asia) that required holistic capital structure resets across a variety of industries, including: construction, mining, oil and gas exploration and production, shipping and commodities trading.
