

Dear INSOL Member

We hope this finds you well in these continually challenging times, and wish you all the best for 2021.

The Board of INSOL International has made the decision to postpone the INSOL 2021 Quadrennial Congress in San Diego, due to the ongoing pandemic and uncertainty surrounding global travel. This was an extremely difficult decision to take, given the importance of the event and its role in supporting our advocacy work, but it is the only possible decision as the health of our delegates, partners and team is of paramount importance. We will continue to monitor the situation as it develops, but our expectation is to run our next annual in-person conference in spring 2022.

Rest assured INSOL will continue to find ways to provide learning and networking opportunities in virtual formats until physical events are possible again. INSOL Virtual 2021 will take place in June and will bring you the exceptional speakers, topics and opportunities to engage with one another, we do hope that you will support this event.

The global restructuring profession has, by definition, always been able to respond to volatility and challenging market conditions, this will be no different and INSOL will continue to do its best for its members, partners and supporters.

We thank our members, sponsors and business partners for their understanding.

Julie Hertzberg

President, INSOL International

Jason Baxter

CEO, INSOL International
